

EPHYCIENT cookie policy

Find out all you need to know about the use of cookies when visiting [MyPatientBase.com](https://www.mypatientbase.com).

What are cookies

Cookies are small bits of information which are downloaded to the device used to visit a website.

Each time that the same website is visited again, this device will be recognized.

By using cookies, information about visits and visitors will temporarily be saved by that website.

Other websites may also recognize the device used through that same cookie. Per visit, various types of cookies may be used.

Cookies allow a website to customize a visit, for example by:

- Showing relevant navigation settings
- Remembering visitor preferences
- Generally improving the user experience
- Limiting the number of adverts shown

EPHYCIENT's use of cookies

When visiting [MyPatientBase.com](https://www.mypatientbase.com) you agree by default that EPHYCIENT places cookies on your device.

[MyPatientBase.com](https://www.mypatientbase.com) matches information gathered from cookies with other information you provide about yourself, or other data that we have collected for the purposes as stated in the [EPHYCIENT Privacy Policy](#).

If you do not want [MyPatientBase.com](https://www.mypatientbase.com) to place cookies on your device, you can refuse the use of cookies via your browser's settings or options. Some parts of [MyPatientBase.com](https://www.mypatientbase.com) you may then not be able to use (properly).

[MyPatientBase.com](https://www.mypatientbase.com) uses up to 4 types of cookies:

Cookie type	Description
Strictly necessary cookies	Anonymous cookies that allow visitors to navigate around MyPatientBase.com , use its features and access secure areas. The information gathered by these cookies cannot be used for marketing purposes. If the use of this type of cookies is not allowed, various parts of MyPatientBase.com cannot be used.
Performance cookies	Anonymous cookies that help EPHYCIENT

	<p>improve its website. These types of cookies collect information about how visitors use MyPatientBase.com, for instance about most visited pages, or the number of error messages shown. An example of this type is WebAnalytics cookies.</p> <p>The information gathered by these cookies cannot be used for marketing purposes, and is not distributed to third parties.</p>
Functionality cookies	<p>Anonymous cookies that allow MyPatientBase.com to remember visitor choices and preferences. Based on this information, MyPatientBase.com can show more relevant information to individual visitors. Examples of data gathered are country and language preferences.</p> <p>If not allowing the use of this type of cookies, this will:</p> <ul style="list-style-type: none"> •Block the use of various parts of MyPatientBase.com •Reduce the level of support EPHYCIENT can offer •Prevent EPHYCIENT from remembering your preferences to not use or be shown a specific feature.
Targeting cookies or advertising cookies	<p>With permission of EPHYCIENT, this type of cookies is usually placed on MyPatientBase.com by advertising networks.
